## **RULES and REGULATIONS**

The South Carolina State Fair General Rules and Regulations and the rules and regulations in this guide shall apply.

## **ELIGIBILITY REQUIREMENTS**

- Exhibitor must be a resident of South Carolina and entries must have been grown by the exhibitor in South Carolina.

## **ENTRY REGISTRATION**

1. Online registration is required during the Open Entry Registration Period.
2. Online entry registrations are confirmed at time of submission. Please print and bring your confirmation on Delivery Day.

## **LIMITATIONS**

- Exhibitor may register one (1) entry per class.
- Exhibitors may enter in any or all divisions, but no exhibit may be entered more than once.
- All entries not in accordance with the schedule will be disqualified.

## **RESTRICTIONS**

- No artificial plant material permitted.
- No hanging baskets permitted.
- No invasive plants or species permitted.
- One plant per pot permitted.
- No Spanish moss or other highly flammable substance permitted.

## **ENTRY TAGS**

Entry tags will be provided at time of delivery of exhibit(s) to the fair.

## **JUDGING**

- Judging is closed to the public. No person will be allowed in the show area during judging except the SC State Fair Flower staff and specified judging committee.
- The ultimate authority for judging is *The Handbook for Flower Shows*, 2017 edition with all updates from *The National Gardener* magazine, as published by National Garden Clubs, Inc.

## **CARE OF EXHIBITS DURING FAIR**

- The Flower Superintendent and Show Committee reserves the right to maintain all exhibits in show condition.
- If an exhibit deteriorates to where it detracts from the entire exhibit, it will be removed from the exhibition area.
- Although reasonable care will be taken with each exhibit, fair management will not be responsible for containers or other properties.

## RELEASE OF EXHIBITS

- The SC State Fair and the Show Committee will not be responsible for exhibits or ribbons left after the scheduled release date and time (see Important Dates).
- Unclaimed exhibits and any other items will become the property of the SC State Fair and will be either disposed of or donated to charity.

## TROPICALS RULES & REGULATIONS

1. Tropical exhibits must be fresh.
2. Exhibits that are not deemed show worthy due to pests, grooming or disease will be refused.
3. All entries must be grown by the exhibitor and entered in grower's name only.
4. Only one (1) entry allowed per class.
5. Only one (1) plant allowed to a pot unless specified in the schedule.
6. Exhibitor must provide a drip saucer for each plant entered.
7. **LIMITATIONS:**
  - Entries are limited to twenty-five (25) entries per exhibitor.
  - Entries are limited to one (1) entry per class, per exhibitor, in all divisions.
8. Due to space and for ease of handling, potted plants must be in pots not exceeding sixteen (16) inches from outside lip to outside lip across the top. **Pots over sixteen (16) inches will not be accepted.**
9. Container grown plants must have been in exhibitor's possession at least ninety (90) days prior to show.
10. Unless specified as a multiple planting, combination planting, or dish garden, all container grown plants must have only one species or cultivar per container.
11. Container-grown plants must have been grown in the pots in which they are exhibited. Double potting is permitted. Containers must be scrubbed clean on the outside and visible inside portion.
12. A specimen's roots may be "contained" within a living moss ball (Kokedama) or on a board or stone with a covering over the specimen's roots.
13. Unobtrusive soil surface coverings such as sand, pea gravel or mulch may be used in container grown specimens.
14. **NOT PERMITTED:**
  - a. Disposable nursery pots
  - b. Hanging baskets
  - c. Leaf Shine
  - d. Spanish moss
  - e. Wiring of specimens
15. **Plants must be free of insects, disease and spray residue.** Potted plants in straw or ornamental containers are discouraged.
16. Exhibitors should submit only those entries that are clean, without dead leaves, spent blooms, and are free of insects/disease.
17. Plant material must be in its natural state and may not be altered by application \*treatment) of oil, commercial "shine" products, etc. that change the natural appearance.
18. No wiring of specimens is permitted.
19. A potted plant does not mean a hanging basket with wires removed.
20. Foliage plants means grown for their foliage and not flowering plants without blooms.
21. An Award of Merit and premium will be given in the Potted Plant Division, only if warranted. To be eligible, entry must be a blue-ribbon winner, scoring 95 or over and named correctly. Plants having won Award of Merit previously are not eligible to win a second time.
22. Entries will be accepted only for classes offered in the **Exhibit Guide**.

### Container Grown Flowering Plants – Standard Size Containers

1. Single-blossom specimens should be three-fourths to fully open.

2. Plants with multiple bloom stems need at least one-fourth to one-half flowers open.
3. Plants should not be totally in the bud stage nor have all their flowers fully open.
4. Round container size must be greater than 4" diameter but less than 16" diameter.
5. Rectangular container size must be greater than 13" perimeter but less than 48" perimeter.
6. Unobtrusive soil surface coverings such as sand, pea gravel, etc. may be used in container grown specimens.

### Container Grown Foliage Plants – Standard Size Containers

1. Foliage specimens may have flowers present, but flowers must be insignificant.
2. A foliage specimen's roots may be 'contained' within a living moss ball (Kokedama) or on a flat board with a covering over the specimen's roots.
3. Round container size must be greater than 4" diameter but less than 16" diameter.
4. Rectangular container size must be greater than 13" perimeter but less than 48" perimeter.
5. Unobtrusive soil surface coverings such as sand, pea gravel, etc. may be used in container grown specimens.

## CUT HORTICULTURE RULES & REGULATIONS

1. Cut Horticulture is divided into the following Divisions: **Annuals, Dahlias, Perennials, Shrubs, Trees.**
2. All exhibits must be fresh.
3. Exhibits that are not deemed show worthy due to pests, grooming or disease will be refused.
4. All entries must be grown by the exhibitor and entered in the grower's name only.
5. Only one (1) entry allowed per class.
6. **CUT HORTICULTURE LIMITATIONS:**
  - a. Entries are limited to thirty-five (35) entries per exhibitor.
  - b. Entries are limited to one (1) entry per class, per exhibitor, in all divisions.
7. Fresh-cut specimens of annuals, biennials and perennials must have been in exhibitor's possession from seeds, cuttings or immature plants and grown for 90 days. Exception: no minimum for early maturing seeds and/or transplants.
8. Only foliage and/or flowers naturally grown and still attached to the specimens are permitted. Unattached foliage is never included with a cut specimen.
9. Bulbous blooms must have been in the exhibitor's possession from planting of bulb, corm, rhizome, or it must have been cared for as a mature plant at least 90 days. Exception: no minimum for forced bulbs/corms/tubers/rhizomes.
10. Terminal bloom must be present at apex of spray, positioned as high or higher than all other blooms and surrounded by four or more blossoms, each on its own pedicel (stem), initiating from the peduncle (main stem). A spray in which terminal bloom is depressed more than one-half its (the bloom) diameter below the highest point of inflorescence is penalized in direct proportion to the severity of the depression.
11. Camellia japonicas are exhibited on one to two-inch stem with **two leaves attached**, in clear plastic cups, provided by the SC State Fair.
12. Camellia sasanqua blooms are exhibited on branches. Leaves must be attached to the stem.
13. Fresh-cut arboreal (woody ornamentals) must have been in the exhibitor's possession for at least 6 months.
14. Horticulture specimens must be properly named. If class is not listed on the schedule, entry will not be accepted.
15. The SC State Fair will furnish clear, glass bottles/containers for all cut specimens.
16. Wedging is permitted using clear plastic wrap only.

17. If a plant is considered a flowering plant, it should be exhibited as a flowering specimen; however, foliage plants may flower but should be exhibited as a foliage plant if they are grown for their leaves.
18. When the number of varieties of specimens in a class is stated, an exhibit of greater or lesser number will be disqualified.
19. Specimens with a class designation in the schedule may not be entered in the "Any Other" class.
20. Cut horticulture specimens will not be returned to the exhibitor. To avoid risk of spreading plant viruses or diseases, all cut horticulture exhibits will be disposed of by fair management at the end of the fair.

## **CUT HORTICULTURE – CUTTING GUIDELINES**

### **Large Cut Foliage**

1. Only one (1) frond, leaf or stem is required, not to include trees or shrubs.
2. Total length must be a minimum of 42" from tip to cut end and total length is limited to a maximum of 8' (96").
3. Specimens require large containers (furnished by SC State Fair) with broad base weighted with pebbles, to prevent tipping over.
4. May use green Styrofoam for wedging provided by exhibitor.

### **Blooming Cut Plant Material – Annuals**

1. Cut plant material should be displayed with 1 stem and a minimum of 2 leaves.
2. Sprays should be displayed with a minimum of 3 blooming stems with 2 leaves on each stem.

### **Blooming Cut Plant Material – Perennials**

1. Cut plant material should be displayed with 1 stem and a minimum of 2 leaves.
2. Sprays should be displayed with a minimum of 3 blooming stems with 2 leaves on each stem.

### **Climbers and Vines**

1. Total length must not exceed 36" from terminal bud to cut end.
2. No cut portions of vines are eligible for entry.

### **Culinary Herbs**

1. Cut specimen length must not exceed 24" from cut end to apical tip.
2. All specimens must be exhibited at right state of maturity for best taste and quality, table ready for consumption.

### **Decorative Cut Foliage – Frond and Leaf**

1. Only one (1) frond or leaf required.
2. Total length must not exceed 36" from cut end to apical tip.

### **Decorative Cut Foliage – Plume and Stem**

1. Only one (1) plume or stem required.
2. Total length must not exceed 36" from cut end to apical tip

### **Dwarf Shrubs and Miniature Roses**

1. Cut branch length must not exceed 18" in length from cut end to apical tip.
2. Minimum length determined by overall shrub size and requirement of several nodes.
3. Each entry must have several nodes and a complete tip.

### **Flowering, Berried, Fruited or Coned Shrubs**

1. Cut branch must be a minimum of 18" and not exceed 30" in length from cut end to apical tip and include several nodes and central leader. Rhododendron is the exception (Standard 12" and Encore 4").

### **Foliage Shrubs**

1. Cut branch must be a minimum of 18" and not exceed 30" in length from cut end to apical tip and include several nodes and central leader.

### **Trees**

1. Cut branch length not to exceed 30" in length from cut end to apical tip and include several nodes and the central leader.

#### EXHIBITORS: IMPORTANT – PLEASE READ...

The 2017 National Handbook for Flower Shows bans all invasive plants entry in any National Garden Club flower show, in both the horticulture and design divisions.

The American flag and other national flags must be displayed in a respectful manner and may not be incorporated into any competitive design, nor used as underlays, backdrops, swags, etc. in any division of a flower show.

**No artificial plant material is permitted in any division. Fresh Plant Material must be emphasized.**

National Garden Clubs, Inc. prohibits the use of all living members of the animal kingdom and taxidermal representations of the same in any design or horticultural exhibit.

**To avoid risk of spreading plant viruses or diseases, all cut horticulture will be disposed of at end of each show by the dismantling committee prior to removal time. Only container plants and designs may be removed by the exhibitor.**

No South Carolina conservation plant material is permitted in any designs or horticultural exhibits. These plant materials may only be used in Flower Shows for Educational Exhibits and should never be collected from the wild. For a comprehensive list of better-known conservation material please see the website for the Department of Natural Resources at <http://www.dnr.sc.gov/species/state.html>

No Exotic Invasive Plants or the Exotic Invasive Plant Species of SC available from Clemson Extension. See list at [http://www.se-eppc.org/southcarolina/Publications/Invasive PlantsBooklet.pdf](http://www.se-eppc.org/southcarolina/Publications/Invasive%20PlantsBooklet.pdf)
