PROFESSIONAL VS AMATEUR

PROFESSIONAL VS AMATEUR DEFINED

A Professional Exhibitor is defined as anyone who has earned more than \$1,000 during a calendar year either by selling their items, teaching the subject, doing extended exhibiting, or involving themselves in other professionally related activities in a capacity that would give the entrant unfair advantage over a hobbyist. Unless otherwise designated as a Professional section, all other sections are Amateur.

JUDGING INFORMATION

What is Danish Judging?

Each entry is judged against a standard of excellence as opposed to other entries in each class. Entries that meet the highest standard of excellence are awarded blue ribbons and represent top-tier mastery achievement. These entries are at a level that needs no improvement and would be considered benchmarks in a category. The next level would be considered good and receive red ribbons. These are considered solid entries that need only minor improvement to be considered benchmark entries.

- All entries must be the sole work of the exhibitor, except in classes for groups.
- If someone other than exhibitor does the quilting for a fee, it is considered as professional quilted and should be entered under the Group quilt section of Hand-Quilted or Machine-Quilted.
- School Group Quilt classes may be found in the Youth Division.
- Quilts must be made entirely by exhibitor, with exception of group classes, and completed within the last three years.
